**CSA –
Certified Surgical Assistant**

December 2, 2022

Camilo Andres Trujillo Vasquez, CSA
7920 Broadstone Loop, Apt. 304,
Tampa, FL 33625

Dear Camilo,

Our records indicate that you have met and/or surpassed your CSA recertification requirements. Enclosed is your recertification certificate.

To recertify by submitting Continuing Education Units (CEU's) you must maintain your good standing status with the National Surgical Assistant Association (NSAA).

- Starting June 1, 2022, the requirement for the number of CEU's per 2-year period will be **30 regular CEU's plus 8 "live" CEU's for a total of 38 CEU's**.

A total of **twenty-seven (27)** CEUs will be required for your next recertification date of **November 14, 2024**. Please note that *eight of these CEU's must be from a Live event.*

The NSAA allows a total of **fifteen (15)** CEUs to carry over into the next recertification cycle and their records verify that you had an excess of **eleven (11)** CEUs following this current CSA recertification.

Non-members in good standing with the NSAA can also recertify their CSA credential, by passing the NCCSA's Recertification Exam. All CSA credential recertification requirements can be found on the NCCSA website.

Thank you for your continuing your professional education and maintaining your prestigious CSA credential. If I can be of further assistance, please feel free to contact me.

Sincerely,

Raylene Erasmus

Executive Director

National Commission for the Certification of Surgical Assistants
